

Mission Statement

Ashford Recreation Sports Association

The Ashford Recreation Sports Association is a parent run organization dedicated to help operate the Ashford Recreation Department by raising funds and coordinating efforts of the Department, coaches, parents, and sponsors.

This is a volunteer organization.

The Department, coaches, parents, sponsors, and the City of Ashford will only get out of it what the whole of the group puts into it.

The ultimate goal is the interest of the players which are the kids. Teaching them the many lessons that organized sports has to offer, including teamwork, sportsmanship, humility, respect for authority, integrity, perseverance, positive attitude, and self-esteem, among many others. These are lessons that reach far beyond the fields and courts of play. We all should strive to carry on these values in our everyday lives.

This mission statement shall go into effect on **March 20, 2016.**
